

## Care Learning Community

St Elizabeth Hospice has joined up with a range of partners to offer free informative and practical multi-disciplinary education and training courses for those involved with the care of others.

## Care Learning Community

The network is open to anyone who works in a care setting and will meet once every two months in a various locations across East Suffolk, and is a great opportunity for people working in the care services to meet and learn from others' experiences.

To join us and be part of the Care Learning Community, please contact Mandy Summons or Sarah Ammar on **01473 727776** or email **education@stelizabethhospice.org.uk**.
