How to register with PrescQIPP – a guide for carers working in west Suffolk

1. Access PrescQIPP website: <https://www.prescqipp.info>
2. Click on the green box to register with the website.

[PrescQIPP](#) [News](#) [Webkits](#) [BNF](#) [Learn](#) [Resources](#) [Data](#) [What's on](#) [Share](#) [Help](#)

3. Select the third option, non-NHS email address.

Please read these terms and conditions before registering

User Registration

Please select which applies to you

- I work for an NHS commissioning organisation and have an NHS e-mail address
If you work for an NHS commissioner in England, Wales, NI or Scotland, or a CSU, then please select this option.
- I work for another NHS / public sector organisation and have an NHS / public sector e-mail address
If you work for a local NHS organisation, such as a practice or pharmacy or hospital, and you have an NHS e-mail please select this option. Alternatively, if you work for a national NHS or public sector organisation (such as .gov.uk, PHE, BSA) with a verifiable e-mail then select this group too.
- I work for a care provider but do NOT have an NHS e-mail address
Whilst most content on our site is for NHS staff, if you work in a community pharmacy, care home, community health provider etc. that does not use NHS e-mails then select this option to access e-learning courses.

4. Complete all sections of the registration form:

- Enter the name of your employer.
- Select WEST SUFFOLK from the drop down list as NHS Commissioning Area.
- Finally, click on the green box to register.

Your session will remain active for 2 hours. If you don't use the e-learning portal during this time you will need to login again.

Site announcements

Welcome to our new e-learning platform

by David Rushton - Friday, 6 April 2018, 8:07 AM

We're delighted to announce the launch of our new e-learning platform. Our new platform fixes many of the bugs that were present in the old system, is mobile friendly and will allow us to do more creative and exciting things with our courses over the next several months!

We'd love to hear what ...

6. From the list of available courses, click to access 'Medicines Use in care homes: course 1'

 Medicines use in care homes: course 1

This course is for care home staff involved in any aspect of medicines use.

It covers: the role of CQC and the NICE Guideline and Quality Standards; the management of medicines in care homes; management of self-medicating residents; administration of inhalers; administration of eye drops; administration of transdermal patches; administration of topical products; and administration of 'when required' medicines.

Approx time to complete: 2.5 hours over the course of 6-12 months.

Certificate requirements: Pass all module quizzes, complete case studies and 70% in final assessment.

[Access course](#) 

7. Follow the on-screen instructions to complete each module in turn.

The course should take around 2.5 hours in total to complete, but please note that it is designed to be completed in stage not finished in one sitting.

We recommend that modules are undertaken at approximately 1 to 2 monthly intervals, so that learning from each module be embedded into practice before you start the next one.

If you need anything, just drop us a line at help@prescqipp.info and we'll be happy to help.

8. At the end of the course, you will need to complete the final assessment.

Final assessment and feedback

 Final assessment: Medicines use in care homes: course 1

This is the final assessment for the Medicines use in care homes: course 1 e-learning course. You will need a mark of at least 70% to pass and receive your certificate of completion. You will have three attempts to pass the assessment, so take your time and answer carefully.

 Medicines use in care homes: Course 1 certificate
