

We have funding available **NOW** for QCF qualifications

The QCF funding level for 2016/17 is £15.00 per credit. Please be aware that this year there is a change to the number of credits you can claim for each learner in any one financial year. This has been set at a maximum of 60. To give you an idea of how much funding you could be awarded per qualification, and how much of this you can claim in each financial year, please see the table below.

All smaller qualifications can be claimed within the one financial year

All apprenticeship frameworks are made up of at least 60 credits, some of the higher levels can exceed 100. This means that claiming credits must be split over two or three financial years. Apprenticeships may, however, be completed in much less time and in those cases it may not be possible to split claims over separate years. Please discuss with the team at the Brokerage for further information.
