

Suffolk Brokerage

Board Directors – Voluntary role remunerated at £2000 per annum

The Suffolk Brokerage is a not for profit organisation dedicated to raising care standards in Suffolk by providing impartial advice, guidance and information to support the county's health and social care sector.

The Suffolk Brokerage is looking to appoint a number of Board Directors. Experience of the health and social care sector is desirable but not essential. We are particularly keen to hear from applicants with experience of Finance, Human Resources, Recruitment or Marketing. Applicants should have the ability to grasp and contribute to strategic thinking and development and work collaboratively with others to help the organisation to achieve its aims.

There are 6 half day Board meetings held annually in the Stowmarket/ Needham Market area. There will be pre-reading meeting papers and general information exchange which require trustees to respond throughout the year. Trustees are required to be able to commit sufficient time and possibly work alongside members of staff to provide expertise, support and challenge when appropriate.

This is a remunerated role of £2000 per annum paid quarterly.

For an initial discussion please contact Louise Whitley on 01449 720400 or louise.whitley@suffolkbrokerage.co.uk
